Kimgres Porcelain tiles conform to MS ISO 13006:2003, Group Bla, E< I=0.5%

Each different tiles series is produced to meet different performance requirements. For specific product technical performance, please request from Kimgres sales team or their agent or distributor.

Colour Variations: Since the colour reproduction in this printed piece will vary from the actual tile colours, final selection should be made from tile samples. Colour, shade and glaze variations may exist due to the inherent characteristics of porcelain tile.

Due to the low porosity of porcelain tiles, an Improved High Performance Cementitious adhesive in accordance to BS EN 12004 & ISO 13007-1 is highly recommended for proper installation. Products that meet this standard are available amongst leading adhesive manufacturers. Please seek expert advice from adhesive manufacturers for proper selection and application.

CERTIFIED TO ISO 13006 : 2003 CERT. NO. : PC000101
